Commercial offer

Joint stock Company "Mogilev Metallurgical Work" (JSC MMW") invites to cooperate wholesale companies, operating in the market of steel pipes of electric and technical chilled iron shot and grit.

JSC "MMW" works on the markets of metal products for more than 80 years, the products of our company are successfully exported to the countries of the European Union, to the Far Abroad, and also to the countries of the Newly Independent States.

JSC "MMW" offers a wide range of profile pipes (square and rectangular), including profiles for building structures with wall thickness of 2.0-5.0 mm and the size of the profile in the range of 20.0 to 100.0 mm, the pipes of water-gas conducting with the wall thickness 2,5-4,5 mm with nominal diameter in the range from Dn15 to Dn90 mm, straight electric welded steel pipes with wall thickness of 1,8-5,0 mm in diameter in the range of 21.3 to 108, 0 mm.

We propose to implement technical chilled iron shot and grit, chilled iron shot and grit aggregates and aggregate for heavy concrete:

- chilled iron shot with numbers 05; 08; 1,0; 1,4; 1,8; 2,2; 2,8; 3,2; 3,6 and according to specification - R2,8; R3,2; R3,6;
- chilled iron shot ballast with numbers 5,0; 6,0;
- chilled iron grit with numbers 03; 05; 08; 1,0; 1,4; 1,8; 2,2 and according to specification - G 05; G07; G12; G17; G24; G34; G39; G47; G55; G66; G80.

Chilled iron shot and grit aggregates designed to fill ballast capacity, manufacturing balances and etc. Aggregate for heavy concrete numbers 2,8 and 3,2 designed to production concrete with a density of 2,600 kg / m<sup>3</sup> including for using in the construction of nuclear power plants.

You can find complete information about products on our website [www.mmz.by](http://www.mmz.by).

Products of JSC "MMW" are according to the requirements of international and European standards.

The high level of organization of production of JSC "MMW" is confirmed with certificate of quality management system ISO 9001.

Wide assortment allows satisfying the needs of different categories of customers. Products can be shipped by rail and road.

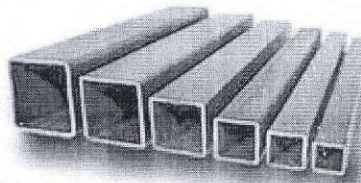

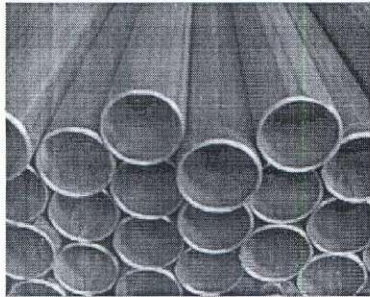

The company offers flexible terms of cooperation with an individual approach to each customer.

We can put into practice discounts depending on the volume of products purchased, the terms and conditions of payment.
