ABOUT THE COMPANY

www.kommunarka.by

The history of confectionery factory "Kommunarka" began more than 100 years ago with a small coffee shop producing chocolate and sweets in the center of old Minsk. From the very first days the highest quality, unique taste, trust of our customers and partners around the world determine our leadership and stable future.

Today JV JSC "Kommunarka" is a modern high-tech enterprise that produces chocolate, sweets, sets of sweets and chocolate, unique handmade products. In the field of technical re-equipment emphasis is placed on the introduction of modern and effective technologies. The factory is equipped with modern high-tech automated equipment.

Today, the company produces more than 300 items of confectionery products.

We are constantly working on the efficiency of technological processes and optimization of production, so we offer our customers high-quality products.
