State Institution of Education
«Academy of Postgraduate Education»
POSTGRADUATE STUDIES (PhD)

Postgraduate education in Belarus is no more than 3 years (full time) and in some cases may last no more than 4 years (if postgraduate education is provided by correspondence), and no more than 5 years - if it is employer-sponsored postgraduate program at the expense of budgetary funds or on a fee basis.

To improve the quality of postgraduate education, the Academy's specialists developed and implemented a distance learning platform for postgraduate students within the electronic environment of the SIE Academy of Postgraduate Education (Web resource: <http://do.academy.edu.by>).

Main areas of dissertational research:

- ✚ scientific and methodological support of quality management of preschool, general secondary, extracurricular, higher and postgraduate education;
- ✚ humanistic and social aspects of innovative education processes;
- ✚ adult education, the introduction of new content and educational technologies;
- ✚ fundamental and applied issues in the development of psychological science and educational theory and practice, etc.

In accordance with the legislation of the Republic of Belarus, citizens of foreign states can study at postgraduate courses of the Academy on the basis of international treaties of the Republic of Belarus and (or) contracts made with foreign citizens or organizations. The cost of training for foreign citizens is established on a contractual basis.
